

FOR IMMEDIATE RELEASE

Data Dimensions Expands National Team with the Appointment of Doug Webster as Senior Business Development Associate

Sales professional to bring extensive experience in providing business process outsourcing solutions

JANESVILLE, Wisconsin, November 14, 2008 – Data Dimensions, a leader in providing business process outsourcing services, expands its national presence with the appointment of Doug Webster as Senior Business Development Associate. With over 25 years of professional experience, Mr. Webster excels in consultative leadership, management, and transformational learning experiences in negotiations, planning, and process change management.

In his new role, Mr. Webster will be responsible for implementing and expanding Data Dimensions' sales strategies within the healthcare industry. Mr. Webster was one of six founding partners of AdminiSource Communications, Inc., which was sold to Metavante Corporation in 1996. Most recently, Mr. Webster served as Executive Vice President of Sales, Eastern Region at Metavante.

"Doug's extensive involvement and focus on business process outsourcing solutions within the healthcare and insurance industries certainly provides Data Dimensions with a unique opportunity," said Constantine Moshos, Vice President, Business Development. "By bringing the expertise of Doug to our national sales team, we strengthen our long-term goal of delivering innovative solutions."

A resident of Michigan, Mr. Webster earned his Bachelor of Science at the University of Michigan.

About Data Dimensions

For over 25 years, Data Dimensions has been an innovative leader in the area of business process outsourcing (BPO) services, providing complete imaging and

storage retrieval services, converting paper structured forms (e.g. insurance and medical claim forms, dental bills, loan applications, H.R. forms, and surveys) or unstructured hardcopy documents (e.g. drawings, diagrams, and x-rays) into electronic documents through various forms of document capture services. In addition, Data Dimensions offers hardcopy and electronic storage and retrieval, medical records retrieval services, transcription services, and digital voice recording and retrieval services.

Data Dimensions delivers process efficiencies, improved quality, and reduced cost for its customers. The company brings a balance to the industry by bridging the gap of automation, technology, and physical capabilities, offering the highest quality service level performance.
