**Data Dimensions Appoints Constantine Moshos as Vice President of Business Development**

**Forward-thinking sales professional to be a catalyst for driving sales, building a high performance sales team, and expanding business development initiatives.**

**JANESVILLE, Wisconsin, June 9, 2008** – Data Dimensions, a leader in providing business process outsourcing services, announced today the appointment of Constantine Moshos to Vice President of Business Development. Reporting to President, Jon Boumstein, and based in New York, Moshos is responsible for driving sales, building a high performance sales team, and expanding business development initiatives.

“We are delighted to have Constantine join our team. He is one of the most creative and forward-thinking sales professionals I have worked with,” said Mr. Boumstein. “A solid leader with an impressive track record of growing sales, building new channels, and developing and managing effective sales teams, Constantine will serve us well in strengthening our long-term goal of delivering innovative solutions.”

Most recently, Moshos served at Watson Pharmaceuticals, Anda Distribution. In addition to having extensive sales experience within the pharmaceutical industry, Moshos holds a Bachelor of Business Administration (BBA): Marketing degree from Hofstra University.

“I am thrilled about the opportunity with Data Dimensions,” said Moshos. “The talent and technology of this company is outstanding and I look forward to expanding Data Dimensions’ base of strategic partners, sales team, and marketing initiatives.”

## **About Data Dimensions**

For over 25 years, Data Dimensions has been an innovative leader in the area of business process outsourcing (BPO) services, providing complete imaging and storage retrieval services, converting paper structured forms (e.g. insurance and medical claim forms, dental bills, loan applications, H.R. forms, and surveys) or unstructured hardcopy documents (e.g. drawings, diagrams, and x-rays) into electronic documents through various forms of document capture services. In addition, Data Dimensions offers hardcopy and electronic storage and retrieval, medical records retrieval services, and digital voice recording and retrieval services.

Data Dimensions' solutions are customized and enable clients to streamline processes, reduce or eliminate manual processes, reduce costs, and reduce risk, while enabling them the ability to concentrate on their core competencies.
